BUTT WELD CLAMPS

WBC1PK2

Unlike other butt-weld style clamps, these clamps utilize two powerful Rare Earth magnets to securely hold work pieces during setting up. Magnetic feet swivel for curved surfaces. Ideal for automotive body panel repairs, tanks/containers, or flat welding. Standard 1/4" clamp bar is replaceable with custom bars to match contours.

- Gap between panels, 0.05"
- Works with materials up to .35" thick
- Sold in set of 2 clamps
- USA M.A.D.E.™

Holding Value (lbs)	Magnet Height (in)	Overall Height (in)	Length (in)	Width (in)	Weight (lbs)
6.3	1.0	2.25	2.25	1.0	.45
